

Mobile CONTRACTOR™ Customer References

Ryland Homes
Marc Austin, Director of Field Operations

"Ryland Homes builds over 1,500 homes in four different counties in a large metropolitan area. With Mobile CONTRACTOR, we have better communication between operation personnel, field staff, and sub-contractors throughout the region. The scheduling and real-time inspection information features have improved our productivity and lowered our operational costs."

Saussey Burbank
Ellen Shore, Senior Field Manager

"I find that it greatly reduces the time it takes to manage a large production schedule. I can quickly check the status of my trade partners' inspections without making one phone call. But better yet, I can access the information on my Nextel phone or through the internet at work or at home - whatever suits my schedule."

Waterford Homes
Marc Caputo, VP Area Manager

"The Mobile CONTRACTOR system has helped us educate our subcontractors as to their pass/fail ratios. This tool helps us better understand how to cut the total construction cycle, and move to the next phase of construction process faster, helping us to ultimately build houses faster."

Charlotte Lanehart Electric
Tink Willis, Office Manager

"I call into nine different counties and up to 50 inspections a day. Before Mobile CONTRACTOR, I spent about five to seven hours a day doing inspections, and now I spend about two to three hours total."

Frye Electric
Jim Long, VP

"With Mobile CONTRACTOR, our employees don't need to learn the inspection process for each individual inspection department, because we can manage all of our inspections through this one system. It's a real time-saver for us."

Osborne Brothers Electric
David Osborne, Owner and President

"The batch scheduling feature saves countless hours for our staff."

Price Brothers Plumbing
Brad Little, Director of Staff Development

"Using Mobile CONTRACTOR has freed up the time of our clerical staff and has eliminated the human errors that come with scheduling inspections over the phone."

Mobile CONTRACTOR™ Customer References

Maronda Homes
David Williams, Project Manager

"My compliments to your company and its service. Your product, with its reports has been very beneficial to me and our V.P. to track our supers, production, and subs and their scheduling. Without hesitation I would recommend this service to any builder large or small."

SunTree Homes
Frank Keiser, President

"Mobile CONTRACTOR™ expedites the entire inspection process by allowing builders to schedule, receive inspection result alerts, and communicate with inspectors and their trades by using the Internet on their mobile phones in the field."

America's First Home
Ron Killete, Director of Construction

"The America's First Home Construction Managers who are utilizing the Mobile CONTRACTOR™ system love everything about it! We get an immediate response on the outcome of all inspections, so it is saving us a lot of time and money. Since it is often difficult to get results of inspections and other various information from some counties we work with, this system helps our productivity and efficiency tremendously."

Morrison Homes
Bob Knaresboro, Vice President of Construction

"The inspection process can be very difficult and time consuming, especially when you are building in multiple subdivisions and governmental jurisdictions. Mobile CONTRACTOR™ expedites the entire inspection process by allowing our builders to enter and transmit inspections, as well as receive inspection results using the Internet on the phones they currently use."

Schlitt Builders
Kathy Leingang, Construction Manager

"Scheduling on Mobile CONTRACTOR™, especially when using the 'Lots' function, is absolutely delightful compared to many jurisdictions' websites or IVR phone systems. The simplicity of using the PC or the phone to schedule, check the status of an inspection or receiving real-time inspection alerts in the field makes Mobile CONTRACTOR™ easy to adopt into your regular routine. Knowing the result of an inspection, as soon as it happens, also moves us thru the inspection process fast while allowing communication with all trades instantly."
